

FREE COURSE LIFE ON A RIG PLATFORM

 : 24 Hours

 : Rig World

 : Safety Training

 : Oil & Gas

 : 365 Days.

Description :

★★★★★ 4.9/5

The Life on Rig Platform course offers essential training for navigating the unique and often challenging environment of a drilling rig or platform. It begins with the Arrival Procedure, guiding participants through the critical steps and protocols for safely and efficiently joining a rig or platform. The course covers Safety Alarms, providing an understanding of the various alarms used to signal emergencies and ensure prompt responses.

Additionally, the course addresses the protocols for dealing with an Active Shooter, preparing participants to handle such extreme and dangerous situations with the necessary awareness and strategies. Learners will become familiar with Common Warning Devices, gaining insight into the different devices used to alert personnel to potential hazards. Security Awareness is another key component, focusing on maintaining vigilance and understanding security measures to protect the site and its personnel. Lastly, the course emphasizes the importance of Housekeeping, ensuring that participants understand how proper maintenance and cleanliness contribute to a safe and efficient working environment. This comprehensive training equips individuals with the knowledge and skills needed to effectively manage life on a rig or platform, enhancing safety and operational efficiency.
